Please read below:

Some utility companies require deposit to turn on the service. Please be prepared to put down deposits.

Propane companies generally charge a fee to turn on the propane and check all the pilots. This cost is the tenant's responsibility.

Due to our unique area there maybe some utility companies may have difficulties Locating the premises.

Please be sure all your utilities are turned on or before your move in date.

Please be advise there will be a extra charge by D & G for billing if failure to put utilities in your name of \$50.00 per utility.
