SPECIAL NOTE:

- Some utility companies require a deposit to turn on the service. Please be prepared to put down deposits.
- Propane companies generally charge a fee to turn on the propane and check all the pilots. This cost is the tenant's responsibility.
- Due to our unique area, there may be some utility companies that have difficulties locating the premises.
- Please be sure all your utilities are turned on or before your move in date.

A \$50.00 fee for each utility will be charged to the Tenant(s) by D & G Equity Management if they fail to sign up for an account in their name.
