## D & G Vendor/Trades People Write Up

We take maintaining our properties seriously and to keep our properties maintained we have a reliable pool, loyal and trustworthy service and vendor people who we count on 24 hours a day. They make D & G Equity priority like we do for our clients and customers.

We know that taking care of our service people is extremely important and their expertise is why are properties are successfully maintained safe and habitable which then you keep happy tenants. They understand our high level of standards when it comes to our clients' properties and what is expected of them.

Some of our service people have been with us since the beginning of when D & G Equity Management was first founded back in the late 70's. They are considered an extension of our family and we have watched them build their business into the success that they are today and honored and warmed that we have contributed to their achievements. We primarily keep local in supporting our trades people and applaud they provide for us in return.

The success in having exceptional vendors is the commonality we share by building our relationships, connections, commitment and dedication with one another and we understand that our locals are what keep our town alive.

Our goal and purpose are to keep all of us thriving now and in the future to come!

D & G Equity Management
